

CONTEMPORARY STYLE QUILT STAND

COMMITMENT TO EXCELLENCE

We want you to be pleased with our products and our service, so if you need verbal assistance with the assembly or hanging of any of our quilt display products or if you have any suggestions on what we can do to improve our service to you, please feel free to contact us in any way listed here:

By phone at **(937) 506-0032**, by e-mail at **info@quiltdisplayproducts.com** or by visiting our website at **www.quiltdisplayproducts.com**.

EXAMINE THE PACKAGE CONTENTS

Carefully examine the contents of this package. If you suspect that there is damage or missing parts, contact Quilt Display Products at (937) 506-0032 Monday through Friday between the hours of 8:00 AM and 5:00 PM Eastern Standard Time for directions on how to proceed. Please keep the original package and packing material in the event that you need to return the product to us.

THE CONTENTS OF THE BOX

Make note of the existence of the following contents.

1. Two Sides
2. Three Structural Rails with Threaded Inserts
3. Six Shouldered Connector Bolts
4. Four Felt Furniture Pads
5. One Hex Allen Wrench

ASSEMBLY PROCEDURE

Review the figure on page three and identify the components listed above. Begin with Step 1 and follow the directions exactly. When you have finished assembling your quilt stand, place three quilts over the rails and display your creations in a prominent place in your home. Now stand back and enjoy!

Step 1

Remove the adhesive backing from the felt furniture pads and carefully attach two to the foot at the bottom of each of the sides, taking care to center them close to the end of each foot as best as possible.

Step 2

Assemble three structural rails to one of the sides with the shouldered connector bolts. Insure that the rails are fitted inside the pockets. Securely tighten all three of the shouldered connector bolts with the Hex Allen wrench.

Step 3

Place the partially assembled quilt stand on end with the structural rails pointing up. Place the lid of the box under the side to protect it from scratches while you complete the assembly.

Step 4

Position the remaining side onto the structural rails and secure it with the remaining three shouldered connector bolts.

Step 5

Set the assembled quilt stand up in its normal position on a flat surface and be sure all of the shouldered connector bolts are tight. This completes the assembly of your quilt stand.
